poolmate swimmers' shampoo

200ml / £5.99

Anti chlorine shampoo with aloe vera & coconut

- Binds to and washes away Chlorine and odour
- Removes metal ions that cause discolouration
- Suitable for pool and sea
- Multiple moisturising agents
- Safe on treated or coloured hair
- Mild enough for daily use
- Luxurious coconut aroma

As regular swimmers we found our hair getting coarse and dry from the pool. We had trouble finding a product to help so decided to make our own!

Multiple chlorine binding agents react with chlorine molecules and wash them away. Coconut oil and Panthenol ProVitamin B5 nourish and protect

Who are we?

PoolMate products are designed in the UK by swimmers. We always lost count of the number of laps we swam and knew we were not alone. *PoolMate* watches are now sold all around the world and are making a difference to the training of thousands of swimmers of all abilities. Whether you just want to switch off in the pool and relax or want to analyse your training afterwards, the *PoolMate* really can help! We are proud to have support from Olympic and Paralympic swimmers and support new talent such as Ellie Faulkner of Team GB, pictured overleaf.
